How do I pair my *SuperTooth CRYSTAL* with a Bluetooth mobile phone?

1. From OFF and not connected to its charger, press and hold the **Power switch** button for 10 seconds until the **Led Indicator** turns blinking red/blue. The handsfree kit is now in pairing mode.

2. While the handsfree kit is in pairing mode, access the Bluetooth menu of your phone. Turn on the Bluetooth function and execute a Bluetooth search. (*See your phone’s manual.*)

3. When the phone displays the list of Bluetooth devices, select **ST CRYSTAL**.

4. If the phone asks for the password/pin code, enter 0000 and press **Ok**.

5. The handsfree kit is now ready to use.

**How do I know when the *SuperTooth CRYSTAL* is running out of battery and needs to be re-charged?**
When the battery is low, the LED indicator light will flash red and beeps will be heard each 30 seconds.

**While charging my *SuperTooth CRYSTAL*, how do I know when the battery is fully charged?**
The LED indicator light on the *SuperTooth CRYSTAL* will turn steady orange while charging. When charging is complete, it will turn steady green.

**The *SuperTooth CRYSTAL* was left switched on, but it doesn’t reconnect automatically with my paired phone when within Bluetooth operating range. What should I do?**
- Enable automatic connection with the *SuperTooth CRYSTAL*, this is located in the Bluetooth menu of your mobile phone (refer to your phone’s user guide).
- Have you disconnected the *SuperTooth CRYSTAL* via the phone menu? If so, please restore Bluetooth connection from in your phone menu.
- The *SuperTooth CRYSTAL* is connected with two phones and the other phone remained connected with the kit. Reconnect the SuperTooth CRYSTAL via the menu of your phone.
The SuperTooth CRYSTAL is paired and connected with my phone but there is no sound in it during calls.
The problem can come from the connected phone.

Switch off the SuperTooth Crystal. Switch off the phone completely (not only in standby). Remove the battery of the phone (if it is possible) and wait for one minute. Put the battery back in the phone and switch it on. Switch on the SuperTooth Crystal. Both devices will reconnect.

How do I clear the pairing settings of my SuperTooth CRYSTAL:
From OFF, press and hold the Power switch button of the handsfree kit for 10 seconds until the LED Indicator turns blinking red/blue, then press and hold End / Reject Button until you hear a beep. All pairings of the kit have been erased.

Hardware resetting of my SuperTooth CRYSTAL:
Press and hold the Power switch button of the handsfree kit for over 40 seconds until the SuperTooth Crystal turns off. You can now switch on the SuperTooth Crystal, it will be resetted.
